

Teacher: Mr Mohammed Tashmeer			Topic: Rounding off numbers	
TERM : 2	Week : 8	Date: 7-11 June, 2015	Class: 9 NAL	
	Monday	Period: 3 Room: C1	Tuesday	Period: 1 Room: Lib
			Thursday	Period:5 Room: C1, C1a
Texts:			AWS Teacher Resources	AWS Teacher Resources,
Assessment Learning Outcomes	All students should be able to : <ul style="list-style-type: none"> develop understanding about rounding off numbers and decimals 		All students should be able to : <ul style="list-style-type: none"> develop understanding about rounding off numbers and decimals 	All students should be able to : <ul style="list-style-type: none"> relate to the questions on success maker and Reading Plus
Class Specific Learning Outcomes	All students should be able to: <ul style="list-style-type: none"> identify and estimate numbers round off numbers and decimals 		All students should be able to: <ul style="list-style-type: none"> identify and estimate numbers round off numbers and decimals 	All students should be able to: <ul style="list-style-type: none"> answers questions on success maker and complete assignments on Reading Plus
Activities	<p>Activity 1: Introduction of the topic, "Rounding off numbers"</p> <p>Activity 2: Students attempt questions on the topic Rounding off Numbers.</p> <p>Activity 3: Discussion on rounding off numbers and decimals to tenths, hundredths, thousandths.</p> <p>Activity 4: Students attempt questions</p>		<p>Activity 1: Recap on Place Value</p> <p>Activity 2: Students contribute to the discussion</p> <p>Activity 3: Reading Plus Students complete assignments on the Reading Plus.</p> <p>Activity 4: Discussion on a worksheet on rounding off numbers</p>	<p>Activity 1: (20 Mins) Group 1: Success Maker Group 2: Reading Plus</p> <p>Activity 2: (20 mins) Group 2: Success Maker Group 1: Reading Plus</p> <p>Activity 3: Kahoot Online activity on rounding off numbers.</p>
Homework	Homework – Questions on rounding off numbers		Reading Plus Assignments	Reading Plus Assignments

Reflection: This topic is quite relevant as most of the students had difficulty in rounding off numbers in their End of Semester Exam. According to the Diagnostic testing, students have problems with rounding off numbers to one and two decimal places. Therefore, I included this topic in my Unit Plan which was detailed in my weekly plan. This enabled students to reflect on their weaknesses and rectify their mistakes. I have also prepared related worksheets which will be used in other lessons to develop an on-going learning for students. The worksheet on the topic was quite relevant as it required students to solve word problems. The follow up activities for next week will be multiplication. Students will complete their Reading Plus activities for homework.
